IMPORTANT

- It is essential that all drivers/attendees follow the parking instructions from the marshals, unfortunately this may mean not parking in an area you expected. Due to the nature of the restrictions all those vehicles not complying with directions will be reported and appropriate action taken.
- Every effort has been made to keep parking safe, however there are busy road crossing and shared parking and pedestrian routes. Please take care in these areas. At all times motorists should observe the Highway Code and not obstruct access in case of an emergency.

- Every effort has been made to check the grass parking areas for suitability. If you have been directed into a parking space by a marshal and should you become stuck please contact a member of site staff or a marshal.
